PowerNet Global has a great continental USA interstate rate: **3.9¢ per minute**

These rates are . . .

- ★ the same any time of day or night, any day of the week.
- ★ billed in one-minute increments
- ★ the same for incoming toll-free calls

To get these rates, you need simply to sign up with me for PowerNet Global . . . and I'll get a commission on all your long distance calls. Please provide and return to me the necessary information on the back.

If you do not have a toll-free number, I can secure one for you.

This plan requires a minimum usage of \$15 a month; otherwise, there's a \$2.50 fee.

PowerNet Global also offers Internet service and mobile phone service.

If you have questions or need further information, please contact me.

Thank you very much!

PS: Toward the bottom of the application form you are asked to provide a TPV (Third Party Verification) number. This is to further protect you from getting slammed by long distance carriers. Please call 703-857-2335 from a touch-tone phone. This is a fully-automated system and should take about three minutes of your time. You will be prompted for an agent ID -- use 3941. At the end of the message it will give an authorization number. That's the number to enter in the TPV field.
